RESOURCE

How to Use This Guide

1. Find your role using the table of contents below.
2. Copy any prompt and paste it directly into ChatGPT, Claude, Gemini, or any AI tool.
3. Customise the prompt with your participant's name, plan details, or specific situation.
4. For best results, add context: "I am a Support Coordinator in Victoria with 12 active participants..."

Use AI Responsibly

- **Always verify what AI gives you.** AI tools can get NDIS rules, dates, and funding details wrong. Check anything important against the NDIS Commission website or with a professional before you act on it.
- **De-identify before you paste.** Never enter a participant's name, NDIS number, date of birth, or other identifying details into a public AI tool. Remove or replace identifying details first, or use a purpose-built tool like MedPrivacy that does this automatically.
- **For legal or compliance questions, ground your AI in real documents.** A general AI chat answers from its training data, which can be outdated or simply wrong on specifics. For anything involving legislation, NDIS Practice Standards, or compliance rules, use a tool that lets you upload the actual source documents first, NotebookLM is a good example, and ask your questions against those documents specifically. You get answers grounded in the real, current text, not a guess.

Table of Contents

01	For Participants	10 prompts	Page 4
Prompts to help participants understand their plan, rights, and services.			
02	For Families and Carers	10 prompts	Page 5
Prompts for family members and carers navigating the NDIS on behalf of a loved one.			

03	For Support Coordinators Prompts for Support Coordinators managing participants, documentation, and provider relationships.	10 prompts	Page 6
04	For Plan Managers Prompts for Plan Managers handling NDIS financial administration and compliance.	10 prompts	Page 7

10	For SDA and SIL Prompts for participants, families, and providers navigating Specialist Disability Accommodation and Supported Independent Living.	10 prompts	Page 13

PRO TIP

Always add your context before the prompt. For example: "I am a Plan Manager in Queensland managing 40 participants..." This gives the AI the background it needs to tailor the response to your situation.

01

For Participants

Prompts to help participants understand their plan, rights, and services.

- 1** Explain what an NDIS plan is and what the three funding categories mean, in simple everyday language. I have never had an NDIS plan before.
 - 2** Write a list of 10 questions I should ask at my NDIS planning meeting to make sure my goals and supports are properly captured.
 - 3** I have just received my NDIS plan and I do not understand what 'reasonable and necessary' means. Explain this in plain English with three examples.
 - 4** Help me write a short statement about my goals and what I want to achieve in the next 12 months. I want to focus on independence at home and community participation.
 - 5** What is the difference between a Registered and an Unregistered NDIS provider? What are the risks and benefits of each for a participant?
 - 6** Write a list of my rights as an NDIS participant. Present it as a simple one page reference I can keep at home.
 - 7** My NDIS plan is being reviewed next month. Help me prepare a summary of what has worked, what has not worked, and what I want changed.
 - 8** I feel like my Support Coordinator is not doing enough to help me. Write a list of questions I can ask them at our next meeting to address this.
 - 9** Explain what a Service Agreement is and why I should sign one before starting services with a provider.
 - 10** I want to make a complaint about an NDIS provider. Write a step by step guide on how to do this, including who to contact and what to say.
-

02

For Families and Carers

Prompts for family members and carers navigating the NDIS on behalf of a loved one.

- 11 My child has just been approved for the NDIS for the first time. Write a beginner guide covering the first five steps we should take.
 - 12 Explain the difference between informal supports, funded supports, and community supports in the NDIS. Give examples of each.
 - 13 Help me write a letter to the NDIA requesting an internal review of my family member's plan. The current funding does not reflect their needs.
 - 14 What questions should I ask when interviewing a new Support Worker for my family member? Create a list of 12 practical questions.
 - 15 My elderly parent has a cognitive disability and cannot manage their own NDIS plan. Explain the options available to us as their family.
 - 16 Write a simple guide on how to use the myplace portal to track my family member's NDIS funding and service bookings.
 - 17 I am concerned about the quality of care my family member is receiving from their current provider. Write a professional complaint email I can send to the provider.
 - 18 Explain what a Plan Nominee is and how to apply to become one for a family member who cannot manage their own plan.
 - 19 My teenager is turning 18 and transitioning from the NDIS Children's Program to the adult NDIS. What do we need to know and prepare?
 - 20 Help me draft a support needs summary document to bring to my family member's NDIS planning meeting. Focus on daily living, communication, and community access.
-

03

For Support Coordinators

Prompts for Support Coordinators managing participants, documentation, and provider relationships.

- 21 Write a Support Coordination service agreement template that I can use with new participants. Include service description, frequency, fees, and cancellation terms.
 - 22 Draft a progress note for a participant following a complex situation where they have disengaged from services. Include observations, actions taken, and next steps.
 - 23 Create a Support Coordinator handover document template for transferring a participant to a new coordinator. Include key contacts, current services, goals, and risk flags.
 - 24 Write a provider briefing template I can send to a new support worker before they begin services with a participant. Include participant preferences, communication needs, and emergency contacts.
 - 25 A participant's plan is underspent with two months remaining. Write a short action plan outlining how I will address this with the participant and their providers.
 - 26 Draft an email to a participant's family explaining why a particular support request falls outside the scope of NDIS funding and what alternatives are available.
 - 27 Create a risk assessment template for a participant with complex needs who is transitioning to more independent living.
 - 28 Write a professional email to the NDIA requesting an unscheduled plan review due to a significant change in a participant's circumstances.
 - 29 Generate a monthly reporting template I can use to update participants on the status of their coordination activities, service bookings, and funding utilisation.
 - 30 I have 15 active participants. Help me design a simple weekly workflow to ensure every participant receives timely contact, documentation is up to date, and plans are being actioned.
-

04

For Plan Managers

Prompts for Plan Managers handling NDIS financial administration and compliance.

- 31 Explain the role of a Plan Manager to a participant who has never used one before. Include what a Plan Manager can and cannot do.
 - 32 Write a plan management service agreement template. Include scope of service, fee structure, invoicing process, and termination conditions.
 - 33 A participant is asking why a provider invoice was rejected. Draft a clear, plain English explanation of the NDIS price guide and eligible claiming rules.
 - 34 Create a monthly financial statement template that a Plan Manager can send to participants. Include budget summary, spending by support category, and remaining funds.
 - 35 Draft an email to a provider explaining that their invoice cannot be processed because it does not meet NDIS claiming requirements. Include what information is missing.
 - 36 Write a frequently asked questions document for new plan managed participants. Cover invoicing, payment timeframes, provider registration, and what to do if they disagree with a claim.
 - 37 A participant is overspending in Core Supports with four months remaining in their plan. Write a budget alert letter I can send to the participant and their Support Coordinator.
 - 38 Generate a provider onboarding checklist for plan managed participants. Include what documents are required and the steps to set up a new provider.
 - 39 Write a guide for participants on the difference between Plan Management, Self Management, and Agency Management. Include the pros and cons of each.
 - 40 Create a year end plan utilisation report template that I can customise for each participant before their plan review meeting.
-

05

For Allied Health Professionals

Prompts for OTs, speech pathologists, physios, psychologists, and other allied health practitioners.

- 41 Write a functional assessment report template for an Occupational Therapist assessing a participant's capacity for independent daily living.
 - 42 Draft a letter of support for an NDIS participant who requires Assistive Technology funding. Include clinical justification, impact on function, and recommended equipment.
 - 43 Create a therapy goal setting template that aligns with NDIS plan goals. Include short term goals, long term goals, and measurable outcomes.
 - 44 Write a clinical progress note template for a speech pathologist delivering NDIS funded communication therapy. Include session summary, participant response, and next steps.
 - 45 Draft a recommendation letter to the NDIA supporting an unscheduled plan review for a participant whose therapy needs have increased significantly.
 - 46 I am a psychologist providing NDIS funded support. Write a referral response template I can use when a participant is referred to me by a Support Coordinator.
 - 47 Create a home modification assessment report template for an OT recommending minor home modifications under the NDIS Capital budget.
 - 48 Write a guide for allied health practitioners on how to write NDIS reports that meet the NDIA's evidence requirements for reasonable and necessary supports.
 - 49 Draft a service agreement template for an allied health provider delivering NDIS therapy services. Include cancellation policy, telehealth terms, and reporting obligations.
 - 50 Generate a list of 10 questions an allied health practitioner should ask a new NDIS participant at their first session to understand their plan goals and funding situation.
-

06

For Support Workers

Prompts for frontline support workers delivering direct services to participants.

- 51** Explain the NDIS Code of Conduct in plain language. List the seven obligations and give one real world example of each.

- 52** Write a shift handover note template for a support worker finishing a shift. Include key events, participant wellbeing, medication notes, and anything the next worker needs to know.

- 53** I supported a participant today who showed signs of distress. Help me write a professional incident report that captures what happened, what I did, and the outcome.

- 54** What should I do if a participant tells me something that makes me concerned for their safety? Write a step by step guide for a support worker.

- 55** Draft a list of 10 boundaries a support worker must maintain when working with NDIS participants. Explain why each boundary matters.

- 56** Write a guide on person centred active support. Explain what it means in practice and give five examples of how a support worker can apply it during a shift.

- 57** A participant I support has asked me to help them manage their money. Write a guide on what support workers can and cannot do in this area under the NDIS.

- 58** Help me write a professional email to my supervisor to raise a concern about a participant's wellbeing. I want to be clear but not alarmist.

- 59** Create a self-care checklist for support workers experiencing compassion fatigue. Include practical strategies for managing stress during and after shifts.

- 60** Write a guide for a new support worker on how to respect and respond to a participant's communication needs, including non-verbal communication.

07

For Self Managed Participants

Prompts for participants who manage their own NDIS funding directly.

- 61 Explain how self-management works under the NDIS. What are my responsibilities as a self-managed participant in terms of record keeping, payments, and compliance?
 - 62 Write a simple budget tracking template I can use to manage my self-managed NDIS funding across multiple providers.
 - 63 I want to hire a support worker directly rather than through an agency. Write a job advertisement I can post for an independent support worker.
 - 64 Draft an independent contractor agreement I can use when engaging a self-employed support worker under my self-managed NDIS plan.
 - 65 What records do I need to keep as a self-managed participant? Create a simple filing system guide covering invoices, receipts, timesheets, and service agreements.
 - 66 Write a list of 10 questions I should ask a potential support worker before hiring them independently under my self-managed plan.
 - 67 Explain what the NDIS Pricing Arrangements and Price Limits mean for self-managed participants. Can I pay above the price guide?
 - 68 Help me write a service agreement I can use with a therapist I am hiring directly under my self-managed funding.
 - 69 I received a letter from the NDIA querying some of my self-managed claims. Help me write a clear, factual response with supporting information.
 - 70 Create a six month plan review preparation checklist for a self-managed participant. Include what evidence to gather, what to document, and how to present outcomes.
-

08

For NDIS Providers

Prompts for registered and unregistered providers managing compliance, operations, and growth.

- 71** Write a quality and safeguarding policy template for a small NDIS provider. Include purpose, scope, key obligations, and review schedule.
 - 72** Draft a participant welcome pack for a new NDIS provider. Include a welcome letter, service agreement summary, complaint process, and key contact sheet.
 - 73** Create a staff induction checklist for a new support worker joining an NDIS provider. Include mandatory training, documentation, and workplace obligations.
 - 74** Write a complaint and feedback policy for an NDIS provider that meets the NDIS Practice Standards. Keep it clear and accessible for participants.
 - 75** Draft a workforce management policy covering rostering, shift handovers, incident reporting, and after hours procedures for a small NDIS provider.
 - 76** I am preparing for an NDIS audit. Write a pre audit preparation checklist covering the key evidence areas auditors will review.
 - 77** Write a business development email I can send to Support Coordinators in my area to introduce my new NDIS support services.
 - 78** Create a service continuity plan template for an NDIS provider to follow if a key staff member is suddenly unavailable.
 - 79** Draft a provider to participant communication policy. Include standards for response times, preferred channels, record keeping, and professional tone.
 - 80** Write a template for a monthly provider performance report that I can share with a referring Support Coordinator. Include services delivered, participant outcomes, and any issues raised.
-

09

For Early Childhood

Prompts for families and practitioners in the NDIS Early Childhood Approach (children under 9).

- 81 Explain the NDIS Early Childhood Approach to a parent whose child has just been referred. What is it, who delivers it, and what can families expect?
 - 82 Write a family friendly goal setting template for an Early Childhood partner session. Include developmental goals, family priorities, and strategies for the home environment.
 - 83 Draft a report template for an Early Childhood practitioner documenting a child's functional capacity across five developmental domains.
 - 84 A parent is asking whether their child will qualify for ongoing NDIS funding after the Early Childhood Approach. Write a plain English explanation of how the transition process works.
 - 85 Create a resource list for parents of children with developmental delay. Include NDIS, community, and government supports available in Australia.
 - 86 Write a letter to a childcare centre explaining a child's NDIS funded supports and how the centre can collaborate with the Early Childhood provider.
 - 87 Draft a transition plan template for a child moving from the Early Childhood Approach to an ongoing NDIS plan at age nine.
 - 88 Write a guide for Early Childhood practitioners on how to write functional reports that meet NDIA evidence requirements without using clinical jargon.
 - 89 Create a parent question guide for families attending their first Early Childhood partner meeting. Include questions about eligibility, timelines, and what supports are available.
 - 90 Draft an email from an Early Childhood provider to a family explaining the outcomes of their child's most recent assessment and the recommended next steps.
-

10

For SDA and SIL

Prompts for participants, families, and providers navigating Specialist Disability Accommodation and Supported Independent Living.

- 91 Explain the difference between Specialist Disability Accommodation and Supported Independent Living in plain English. Give examples of who each is designed for.
 - 92 Write a checklist of questions a participant or family should ask when visiting a potential SDA property for the first time.
 - 93 Draft a letter to the NDIA supporting a participant's request for SDA funding. Include functional impact, housing history, and why SDA is the most appropriate option.
 - 94 Create a SIL proposal template that a provider can use to submit a supported living arrangement to the NDIA for approval.
 - 95 Explain what the 'robust' SDA design category means and what features a property must have to qualify. Write it for a family who is new to this concept.
 - 96 Write a guide for participants on their rights as a resident in an SDA property. Include tenancy rights, complaint processes, and how to raise concerns.
 - 97 Draft a participant transition plan for someone moving from a group home into their own SDA property with SIL supports.
 - 98 Create a SIL roster of care template that a provider can use to document the supports being funded and delivered in a supported living arrangement.
 - 99 Write an email from a Support Coordinator to an SDA provider requesting information about vacancies and eligibility requirements for a specific participant.
 - 100 Draft a guide for participants on how to find and assess SDA properties, including what databases to use, what to look for, and how to involve their Support Coordinator.
-

Want more than prompts?

CollabEdge Solutions helps Australian NDIS providers and healthcare organisations simplify compliance and automate operations, and delivers enterprise technology solutions with specialist partners across Australia and Asia Pacific. Every engagement is senior-led and practitioner-tested.
